+ ABOUT ME

A web developer enthusiast. Built websites for a few clients and sometimes do game development as a hobby. I'm passionate about learning new things, especially on the tech side.

+ EDUCATION

Laksamana College of Business Brunei Darussalam
2021
BACHELOR OF SCIENCE

Achieved Upper Second-Class Honours (2:1) in Computer Science

+ WORK EXPERIENCE

HUETECH Enterprise   JUN 2020 - PRESENT
SOFTWARE ENGINEER

Developed websites for clients and in-house products through the JAMstack approach; utilising Vue.js & Firebase. Hands-on experience in using Algolia's search API to perform high-quality search results.

Grominda SDN BHD   SEP 2019 - JUL 2020
SOFTWARE DEVELOPER

Holds two responsibilities; a website developer & interim project manager. The main tools were Laravel, MySQL & Microso Azure. The project was managed through the Agile Scrum method. Supervised multiple interns and delegating works. Actively communicates with relevant departments to ensure business logic are met within the platform (Plus EXP).

+ INTERNSHIP

Grominda SDN BHD   JUN 2019 - SEP 2019
SOFTWARE DEVELOPER

Maintaining Plus EXP website, a platform to help people connect with their prospective employers. Laravel framework was used.

+ EXTRA-CURRICULAR ACTIVITIES

SUHBE CO   DEC 2020 - PRESENT
BICTA PLUS BOOTCAMP

Be part of the Bootcamp to jumpstart Brunjar's development under HUETECH Enterprise.

Brunei Game Dev Community   MAR 2021
MSME FESTIVAL 2021

Join as a community member and showcased my game alongside other local game developers.

MSME Festival 2019   MAR 2019

+ COURSES

- JUN 2020
  PROJECT MANAGEMENT, GROMINDA SDN BHD

- OCT 2019
  ART OF PERSUASIVE PRESENTATIONS, ARTICULATION

+ HOBBIES

- To learn is to improve oneself. Acquiring new skills and enhancing existing crafts is my passion. During my spare time at university, I developed a simple web app to manage my literature review readings. Once I saw a financial planning post on IG, and it inspired me to create my own. Sometimes, I do game developments using Unity. Showcased my games at family gatherings and MSME Festival 2021. Besides technical hobbies, I occasionally listen to a Japanese's language learning podcast while driving.
